MODEL

# GM900

**Super High speed overlock sewing machine  
with direct drive**

GM900-3Z/-4Z/-5Z

GM900-3DZ/-4DZ/-5DZ

GM900-4DZ

This series overlock is built-in mini servo motor for direct drive, fine and stable control system.

The machine is designed with fashionable appearance and world advanced mechanism.

Many models have features of automatic thread trimmer, automatic presser foot lifter, pneumatic rubbish collection device (optional).

The score is high efficiency of energy saving This series of overlock sewing machines is equipped with ball bearing or needle bearing which makes it running light and smooth, fully closed lubrication system, slime oil non- die cooling device, fine adjustment of differential feed dog and knob-type stitch regulator.

It is also convenient to the thread, the knife and the loopers and can perform overlock and coverage on all kinds of fabric from light to medium heavy weight as an efficient sewing equipment in knitting and garment factories.

GM900-3Z Three threads super high speed overlock with direct drive.

GM900-3DZ Three threads super high speed overlock with automatic thread trimmer and direct drive.

GM900-4Z Four threads super high speed overlock with direct.

GM900-4DZ Four threads super high speed overlock with automatic thread trimmer and direct drive.

GM900-5Z Five threads super high speed overlock with direct drive.

GM900-5DZ Five threads super high speed overlock with automatic thread trimmer and direct drive
